**VEIL CHOREOGRAPHY TO MISIRLOU** **1.00-3.00PM**  
Misirlou is a beautiful piece that has been shared across ages and cultures. It is known by Western audiences for being the theme song of the movie "Pulp Fiction", but the version used in this workshop is off the "Kairo by Night" album. This vintage style veil choreography is a tribute to the Golden Era dancers who inspired Jamila Salimpour. Yvonne is a veil expert. Come and discover the tricks to her flawless technique! Please bring a veil (a few available for sale).

**TURKISH ORIENTAL CIFTITELLI** **3.30-5.30PM**  
Learn a dramatic Turkish Oriental choreography complete with sultry floor work to the fiery Ciftitelli cut off of Didem's "Dansin Melegi 2011" CD. Open to all levels, this dance piece incorporates the sharp isolations, passionate spins and athletic flexibility of the lively Turkish oriental stylization. Layering options will be included for those who would like an extra challenge. This energetic and fun class requires knee pads!
